

The Alta Vista Community Association

PRESIDENT'S REMARKS – AGM OCTOBER 20, 2015

I want to thank all of you for coming this evening – it is a special time as we celebrate our 50 years as an engaging, vibrant community in the City of Ottawa. Tonight will complete my time as president of the AVCA and it has been a privilege and an honor to work with the directors and members over the past 3 years.

Once again we need to thank The Trinity Foundation for their enduring sponsorship which enables us to enhance the desirability of the Alta Vista area as a place to work, live and play.

Supported by our other sponsors and we thank them for their contributions, our Annual Picnic in June was a success and subsequently we had a membership drive which put us in the 200 members range for the first time. There are still areas of the AVCA which need to be represented by members in the future. Thanks and congratulations to those who helped out.

We have established a Zoning/Planning Committee under the enthusiastic leadership of David Kidd and they have endured the rigors of implementing zoning changes in Infill II which is now in force and as well been instrumental in helping convince Domicile to withdraw their proposal for a 4 story condo at the corner of Alta Vista Drive and Smyth Road. Zoning and planning issues will continue to be with us as the city pursues infill and intensification so new members are always welcome.

Connect with our website and Councilor Cloutier's site to keep abreast of news in the city. Send questions and issues to the board – stay in touch & participate.

Are there any questions?

Tony Bernard
President, AVCA
